£127

was the average item price
which is £5 up on last year

35%

of our clients sold at least
£100K per year

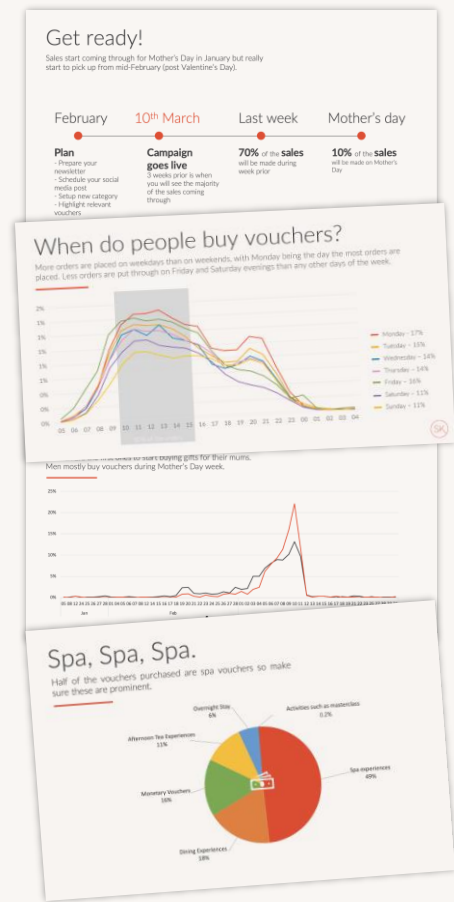

£3million

Best selling venues exceeded
£3M in gift sales in 2023

Marketing insights examples

Ensure you receive our marketing tips to help your sales grow.

Promoting your gifts

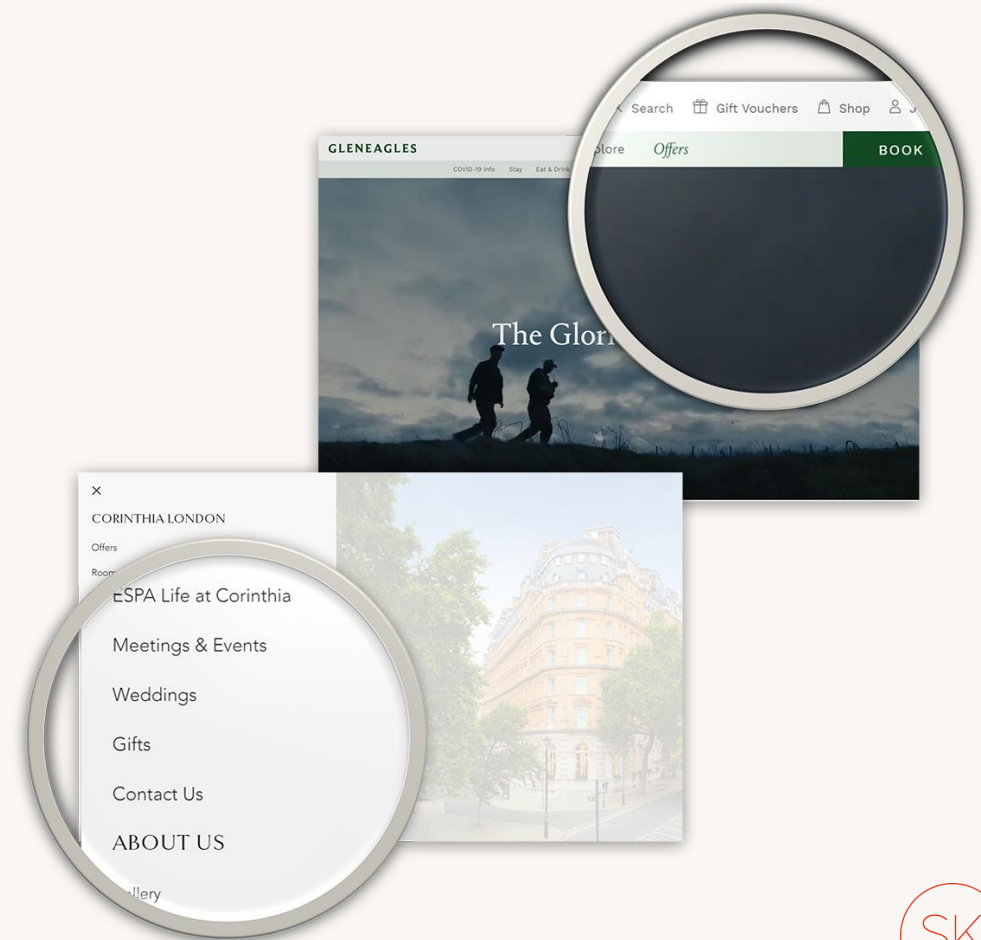

Whilst there are *many* ways of generating interest, there are two 'cornerstone' elements: including 'gift vouchers' in your overall marketing plan & well-placed gift links on your venue's website.

The main source of visits to your gift shop are likely to originate from your own website and these visitors are also more likely to buy a gift, than from any other visitor source.

Each and every person visiting your website is a potential buyer and gift links are as important as 'Book a Stay' or 'Book a Table' buttons, as they are revenue generating links.

Remember to include gift vouchers in your online / offline, email, social and in-house marketing plans too.

4. Analytics

Track user behaviour with Google Analytics.

Google Analytics (GA) software lets us track users' behaviour on your gift shop, helping understand customers better.

We request your venue's **GA4 Measurement ID** during the onboarding process, so please send this to us if you have not already done so. You'll then be able to see your gift shop web stats in your own analytics account.

We enable integration of marketing platforms such as **Google Ads** and **Meta Pixel**.

Please share your **Meta Pixel ID** with us (enabling you to retarget people on Facebook and Instagram who view your gift shop) and **Google Ad Words Conversion ID** and **Conversion Label**.
